

Please do not take any action to weaken Wisconsin's no call law. There is now peace at home and it would be extremely upsetting to me if telemarketers are once interrupting what little quiet time that I have. I have been called while napping, eating, doing tasks and much more. It makes me extremely unhappy. I can assure that any company that calls me will never receive any business from me. I know that there are lots of other people that feel the same way.
